❁ « BACH PARTIAL INTEGRAL OF ORGAN AND HARPSICHORD WORK » III

Sunday, november the 11th of 2018 at 16:30 in the church of Saessolsheim (Alsace). Free entrance - collect).

Third organ (and harpsichord) concert by Francis Jacob (professor at the Conservatoire of Strasbourg), from a project on Bachs keyboard-works, at the church of Saessolsheim. Francis Jacob proposes an integral partial of the work of organ of J.S. Bach. Integral partial? Yes, Francis Jacob unconditionally does not like the idea of integrals. But the perspective of about ten concerts to explore numerous preludes, fugues, choral and other wonderful trios for the king of instruments considered by the «Father of music» : that, yes, with pleasure!

For that third concert, he will play organ and harpsichord, with among other works from the Welltempered keyboard.
